

It is highly recommended that you visit www.metaearth.com/360/mms142 to see the completed model before assembling your own

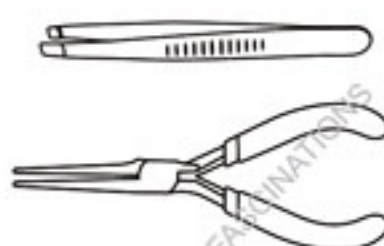

E Engraved side
NE Non-engraved side
 Attention point

- Insert tab and bend 90 degrees
- ▲ Insert tab and twist 90 degrees

- Wire cutters: helpful for taking parts from the metal sheets.

- Tweezers or needle nose pliers: helpful for folding parts, bending and twisting tabs.

If needed, slightly twist tabs to hold parts together then untwist and bend them down for a nice finish

The image displays three sheets of paper with various shapes and numbers, likely for a craft project. The top sheet is a large rectangular sheet with a grid of numbers (1-49) and a central illustration of a yellow shirt with a black pattern. The middle sheet is a smaller rectangular sheet with a grid of numbers (1-49) and a central illustration of a yellow shirt with a black pattern. The bottom sheet is a smaller rectangular sheet with a grid of numbers (1-49) and a central illustration of a yellow shirt with a black pattern.

In order to avoid possible injury from sharp edges, please carefully discard the metal sheets after parts have been removed
